How can parents and teachers support their children's learning using these books and activities?
your students best. Based on the blog with more than four million loyal fans, a beautiful, heartfelt, funny, and inspiring collection of photographs and stories capturing the spirit of a city. Now an instant #1 New York Times bestseller, Humans of New York began in the summer of 2010, when photographer Brandon Stanton set out to create a photographic census of New York City. Armed with his camera, he began crisscrossing the city, covering thousands of miles on foot, all in an attempt to capture New Yorkers and their stories. The result of these efforts was a vibrant blog he called “Humans of New York,” in which his photos were featured alongside quotes and anecdotes. The blog has steadily grown, now boasting millions of devoted followers. Humans of New York is the book inspired by the blog. With four hundred color photos, including exclusive portraits and all-new stories, Humans of New York is a stunning collection of images that showcases the outsized personalities of New York. Surprising and moving, printed in a beautiful full-color, hardbound edition, Humans of New York is a celebration of individuality and a tribute to the spirit of the city. With 400 full-color photos and a distinctive vellum jacket.

This is a two-level beginners’ course for young children that integrates the teaching of phonics, reading, writing, and numeracy. Welcome to Our World is a three-level preparatory series in American English. It uses traditional children’s songs from around the world to introduce very young learners to the world of English.

Packed with pictures, stories, and activities, English Time is a six-level communicative course that develops students’ speaking, listening, reading, and writing skills, while they have fun! With interactive illustrations, captivating stories and a wide variety of activities, English Time offers you great lessons around the clock. Each engaging illustration contains hidden objects for your students to find, so learning new language and grammar is exciting and fun. Plus, the wide variety of activities appeal to every child, no matter what their learning style. Use English Time on its own or combine it with Magic Time to create an appealing eight-level course.

Twenty-first-century Kandinsky: a reappraisal of the Russian abstractionist’s art, life and thought through the extraordinary collection of the iconic museum. One of the foremost artistic innovators of abstraction in the 20th century, Vasily Kandinsky sought to liberate painting from its ties to the natural world and promote the spiritual in art. This richly illustrated publication looks at Kandinsky anew, through a critical lens, reframing our understanding of this vital figure of European modernism, who was also a prolific aesthetic theorist and writer. A series of thematic essays considers his engagement with avant-garde artistic communities including the Bauhaus, his relationship to improvisation and music, his travels in Europe and Russia, and the influences behind his self-declared anarchist mode of abstraction, among other topics. Tracing Kandinsky’s life and work through his years in Moscow, several cities in Germany, and Paris, the texts offer striking new insights into an artist whose creative production and style were intimately tied to a sense of place—and displacement—and evoked amid the political and social upheavals catalyzed by the Russian Revolution and World Wars I and II. Kandinsky’s history is closely linked to that of the Guggenheim Museum. Solomon R. Guggenheim began collecting the artist’s work in 1929; a year later, they met at the Bauhaus, in Dessau. This book features more than half of the museum’s deep holdings of works by Kandinsky, presenting the full arc of his artistic development and career. Included are paintings in oil and oil with sand, reverse-glass paintings, as well as woodcuts, watercolors and drawings on paper. An illustrated chronicle of Kandinsky’s life and career, including selected exhibitions and publications, rounds out the volume.

#1 New York Times bestselling author Nora Roberts’ Circle Trilogy begins with an epic tale that breaks down the boundaries between reality and the otherworldly, while forging together the passions of the men and women caught in a battle for the fate of humanity… In the last days of high summer, with lightning striking blue in a black sky, the sorcerer stood on a high cliff overlooking the raging sea… Belting out his grief into the storm, Hoyt Mac Cionaoith rails against the evil that has torn his twin brother from their family’s embrace. Her name is Lilith. Existing for over a thousand years, she has lured countless men to an immortal doom with her soul-stealing kiss. But now, this woman known as vampire Morrigan, and it is through her that he will get his chance at vengeance. At Morrigan’s charge, he must gather five others to form a ring of beings. At Morrigan’s charge, he must gather five others to form a ring of beings. Join Us for English is a restructured and fully updated edition of the successful Join In.
